Gurugram, Haryana

SUMMARY

I'm a great fit for this role because of my strong foundation in software development, problem-solving skills, and passion for building efficient, scalable solutions. As a software engineering student, I have experience working with programming languages such as Python, Java, and C++, and have successfully completed projects involving full-stack development, data structures, and algorithms. My adaptability and collaborative mindset allow me to thrive in dynamic, fast-paced environments. I'm eager to apply my technical knowledge and continue growing my skills while contributing to the success of your team and driving innovative solutions.

EDUCATION

CBSE 10th	2020 - 2021
Ryan International School	
CBSE 12th	2022 - 2023
Ryan International School	
Degree and Field of Study	Date period
School or University	

LANGUAGES

English, French, Hindi
English

KEY ACHIEVEMENTS

Your Achievement

Developed a Full-Stack E-Commerce Website:

Description: Built a fully functional e-commerce platform using HTML, CSS, JavaScript (React), Node.js, and MongoDB, allowing users to browse products, add items to a cart, and make secure payments.

Impact: Successfully deployed the platform with over 200 active users, providing a seamless shopping experience and gaining real-world experience in web development.

SKILLS

Problem-solving, Adaptability ,
Collaboration and teamwork

PASSIONS

I have a deep passion for software engineering, not just as a profession but as a constant journey of learning and discovery. I'm driven by the desire to solve complex problems and build meaningful, scalable solutions that make a positive impact. I enjoy collaborating with like-minded teams, embracing new challenges, and staying current with the latest technologies.
